

## Fuels Fee Schedule Effective November 1, 2009

Liquid Fuels Fee Schedule	Current	Effective November 1, 2009
<b>ENGINEERING SERVICES</b>		
• Design review and inspection <sup>1</sup>	\$ 150/hr.	\$ 150/hr.
• Priority service <sup>2</sup>	2 x Standard Fee	
<b>INSPECTIONS</b>		
• Pipeline strike inspection	\$ 135/hr.	\$700 flat fee <sup>3</sup>
• Inspection – licence holders <sup>1</sup>	\$ 135/hr.	\$ 135/hr.
• Inspection – non licence holders <sup>1</sup>	\$ 135/hr.	\$ 200/hr.
• Priority service <sup>2</sup>	2 x Standard Fee	
<b>Engineering and Inspection fee note:</b>		
<ol style="list-style-type: none"> <li>1. ½ hour travel time at the applicable rate will be billed for all inspections other than for variances and field approvals, for which travel time will be billed at actual time.</li> <li>2. Priority service includes customer driven work, incident or complaint work which take the inspector away from previously scheduled work or follow-up inspections related to previous non-compliances. For priority service, travel time will be billed at actual time.</li> <li>3. General inspection activities and associated travel time are included in the flat fee; however, in situations which go beyond normal activities, such as for significant levels of non-compliance, excess inspection and travel time will be billed in accordance with the applicable hourly rate.</li> </ol>		
<b>LICENCING FEES <sup>1</sup></b>		
<b>Gasoline Petroleum Licences (annual)</b>		
• Bulk (small) <350,000 L <sup>2</sup>	\$ 180	\$ 220
• Bulk (medium) 350,000 L to <2,300,000 L <sup>2</sup>	\$ 900	\$ 1,100
• Bulk (large) >2,300,000 L <sup>2</sup>	\$ 1,785	\$ 2,150
• Transport tank – gasoline/diesel	\$ 90	\$ 110
• Licensed fill sites – gasoline stations <sup>2</sup>	\$ 132	\$ 180
• Licensed fill sites – marinas <sup>2</sup>	\$ 85	\$ 125
<b>Licensing Fee notes:</b>		
<ol style="list-style-type: none"> <li>1. All fees are non-refundable.</li> <li>2. In addition to the licence fee, a two hour inspection fee is charged (billed in three equal instalments of \$90 in addition to the noted annual registration fee) which covers a periodic compliance inspection, carried out on a risk cycle basis averaging three years. In situations where the periodic inspection takes in excess of two hours, such as for large and/or non-compliant sites, the excess inspection time will be billed in accordance with the applicable hourly rate. General inspection activities and travel time are included in the authorization fee; however, in situations which go beyond normal activities, such as for significant levels of non-compliance, excess inspection and travel time will be billed in accordance with the applicable hourly rate.</li> </ol>		
<b>REGISTRATION AND CERTIFICATION FEES <sup>1</sup></b>		
• Heating or petroleum contractors' annual registration <sup>2</sup>	\$ 208	\$ 275
• Certificates – initial and renewals <sup>3</sup>	\$ 70	\$ 100
<b>Registration and Certification Fee notes:</b>		
<ol style="list-style-type: none"> <li>1. All fees are non-refundable. General inspection activities and travel time are included in the authorization fee; however, in situations which go beyond normal activities, such as for significant levels of non-compliance, excess inspection and travel time will be billed in accordance with the applicable hourly rate.</li> <li>2. In addition to the contractor registration fee, a 3.5 hour inspection fee is charged (billed in three equal instalments of \$157 plus GST in addition to the noted annual registration fee) which covers a periodic contractor compliance inspection, carried out on a risk cycle basis averaging three years. For contractor inspections, travel time is included in the applicable fee. Where the inspection takes in excess of 3.5 hours, such as for large and/or non-compliant sites, the excess inspection time will be billed in accordance with the applicable hourly rate.</li> <li>3. Certificate renewal fees are billed every two years at the published rate.</li> </ol>		

The fee schedule is also posted on TSSA's website at [www.tssa.org](http://www.tssa.org).

billed in accordance with the applicable hourly rate. 3. Distribution fees have changed from a through-put calculation to number of users on the system. 4. While there are currently no distribution systems in this range, this fee is established to address possible consolidation in the industry. 5. Prior unit of measure was cubic meters. New unit of measure calculated as a product of pipeline length in kilometres multiplied by the pipe diameter in inches of the line system. Loops are counted as separate lines.		
<b>REGISTRATION AND CERTIFICATION FEES <sup>1</sup></b>		
• Heating or petroleum contractors' annual registration <sup>2</sup>	\$ 208	\$ 275
• Certificates – initial and renewals <sup>3</sup>	\$ 70	\$ 100
<b>Registration and Certification Fee notes:</b> 1. All fees are non-refundable. General inspection activities and travel time are included in the authorization fee; however, in situations which go beyond normal activities, such as for significant levels of non-compliance, excess inspection and travel time will be billed in accordance with the applicable hourly rate. 2. In addition to the contractor registration fee, a 3.5 hour inspection fee is charged (billed in three equal instalments of \$157 plus GST in addition to the annual registration fee) which covers a periodic contractor compliance inspection, carried out on a risk cycle basis averaging three years. For contractor inspections, travel time is included in the applicable fee. Where the periodic inspection takes in excess of 3.5 hours, such as for large and/or non-compliant sites, the excess inspection time will be billed in accordance with the applicable hourly rate. 3.
